PROFESSIONAL SUMMARY

Motivated BCA student with strong interest in data analytics and data visualization. Skilled in Python, SQL, and Excel for analyzing datasets and generating insights. Experienced in using Python libraries for data analysis and visualization. Passionate about transforming raw data into meaningful insights to support business decisions.

SKILLS

- Programming: Python
- Data Analysis: Pandas, NumPy, Data Cleaning, Data Interpretation
- Data Visualization: Matplotlib, Seaborn, Charts & Graphs
- Database: SQL
- Tools: Microsoft Excel, Git
- Web Technologies: HTML, CSS

Project

Student Performance Data Analysis

- Performed data cleaning and exploratory data analysis using Python and Pandas.
- Analyzed student performance datasets to identify subject trends and performance patterns.
- Created visualizations using Matplotlib to present insights effectively.

Sales Data Analysis Dashboard

- Analyzed sales datasets using Python and Pandas to identify sales performance trends.
- Calculated revenue metrics and product performance insights.
- Visualized results using bar charts and line graphs to highlight key findings.

E-commerce Sales Analysis

- Cleaned and analyzed e-commerce sales data to identify top-performing products and regions.
- Used Python and Pandas for data processing and analysis.
- Generated insights to help understand sales patterns and business performance

EDUCATION

Bachelor of Computer Applications (BCA)

- Graphic Era Hill University
- 2023 – 2026

Class XII – Science

- Glacier Public School
- 2023

Class X

- Glacier Public School
- 2021

CERTIFICATIONS

- Introduction to Data Science – Cisco
- Data Analytics – Deloitte
- GenAI Data Analytics – Tata
- Software Engineering Virtual Experience – JP Morgan

INTERNSHIP

UI/UX Design Intern

- Designed mobile and web interface wireframes using Figma.
- Worked on user journey mapping and interface usability improvements.
- Collaborated on improving user experience and product design workflows.
